Bonjour

Welcome to the village of Petit Pois, home to Monsieur & Mme Très Jolie and their three daughters Chardonnay, Lambrini & Belle. The Café Jolie is feeling the effects of the current economic climate and Mme must either marry her daughters off to someone rich (or even better, Royal and rich!) or send Papa out to work. Meanwhile, the evil Countess Cruella is obsessed with the spoilt but good-natured Prince Louis and, in a jealous rage, turns him into a hideous beast. Can the curse ever be broken? Will Belle ever find true love? And will The Café Jolie ever again be able to boast the best tart in Petit Pois? Sit back, relax and enjoy the show...
